

# 1972 Morgan 4/4 1600 GT Stage 2

# £11995

**1972 Morgan 4/4 1600 GT Stage 2 – £11,995**

A fantastic opportunity to own a well-sorted, well-loved Morgan 4/4 with extensive mechanical upgrades and character in abundance. Finished in classic red with a beautifully reupholstered dark blue interior, piped in red to complement the bodywork, this is a car that presents exceptionally well and drives even better.

The standout feature is the professionally built **Stage 2 1600 GT Crossflow engine**, completed in 2023. Combined with a recent carburettor rebuild and rolling-road setup (dyno graph included), the engine pulls strongly throughout the rev range and delivers the engaging driving experience these lightweight Morgans are renowned for.

Over the years, the car has benefited from substantial investment. Recreating this level of work today would cost considerably more than the asking price. Major improvements include a completely new chassis, stainless steel inner wings, stainless steel bulkhead, and stainless steel toolbox, ensuring both longevity and peace of mind.

The car also benefits from a number of tasteful upgrades and period-correct enhancements, including a mahogany dashboard complemented by a wood-rim Motolita steering wheel, modern rev counter, stainless steel luggage rack, chrome wire wheels in excellent condition, wind deflectors, and chrome door lock covers.

**Specification & Upgrades:**

- Stage 2 1600 GT Crossflow engine (rebuilt 2023)
- Recent carburettor rebuild and rolling-road tune
- Performance air filter
- Radiator re-core
- New chassis
- Stainless steel inner wings
