1995 Porsche 968 Sport 3.0 manual coupe.

The Porsche 968 Sport a beautifully designed Porsche that bucked the trend in terms of Porsche styling and technology. Smooth, responsive, and full of character, the 968 Sport combines timeless Porsche 968 styling with engaging performance. Perfect for anyone who appreciates a genuine driver's car.

This model is a sought-after UK only Sport model, pairing the sporting pedigree of the club-sport models with additional comforts of the regular coupe.

Our particular car benefits from the addition of a full Spax suspension setup which makes the handling superb, it doesn't affect the ride for daily driving either, it is superbly compliant on the road, it drives superbly with no rattles or noises as you would expect from that era of Porsche, German engineering at it's best.

Cosmetically the paintwork in excellent and is the rare iris blue metallic. Immaculate black cloth interior, only 115k with a cambelt change carried out in 2022 at 111,700 at a cost of £4000, serviced and maintained regardless of cost and plenty of receipts to prove the expenditure.
