

2002 Morgan Aero 8 Series 1

£47000

2002 Morgan Aero 8 Series 1

The Series 1 Morgan Aero 8 is a rare and distinctive British sports car, combining traditional hand-built craftsmanship with modern BMW V8 performance. Lightweight, powerful and full of character, it delivers a truly engaging driving experience and remains one of Morgan's most sought-after modern classics.

These represented huge shift in design for Morgan at the time and such are a really usable modern classic with mod cons such a boot, more cabin space, modern styling, a 6 speed manual gearbox and modern BMW electronics.

This car has had just two owners from new and is finished in rare Jaguar Mistral Blue with a Muirhead Shetland Oslo Blue interior, plus matching blue mohair wet-weather equipment. The centre-lock OZ wheels look fresh with no kerb rash or corrosion to speak of, and the roof is in excellent condition.

The interior shows minimal signs of wear, and the woodwork is in particularly nice condition—an area these can often suffer with.

As well as the rare colour combination, it features a beautiful machine-turned dashboard, a wood-rim Motolita steering wheel, and matching piped blue carpets.

It's in remarkable condition for its age and has clearly been cherished by its first owner (who kept it until last year). There are two files of history showing how much has been spent over the years, and it comes with the original photographic build record.

With just 38,000 miles, 14 stamps in the service book and a clear MOT, this Aero 8 should offer many more years of motoring for its next owner.

This is a rare opportunity to pick up a very special series 1 Aero 8.
