

2004 Morgan Aero 8 GTN Limited Edition

£64,995

Morgan Aero 8 GTN No. 001 – A Unique One-Off Example

The Morgan Aero 8 GTN is the ultimate in modern Morgan performance, combining traditional British craftsmanship with advanced lightweight engineering and thrilling V8 power. Beneath its hand-formed aluminium body sits a potent 4.6L BMW V8 engine, delivering exhilarating performance, a thunderous soundtrack, and unmistakable presence. With its rarity and bespoke specification, the GTN is already regarded as an exceptional and highly collectible modern classic.

This car is **GTN No. 001** — the very first of just **11** special GTN models ever built, and **the only one produced with the special wide-body configuration**, making it a genuine one-off and a true piece of Morgan history. Sold by us and supplied new to our client, this car represents a unique opportunity to acquire one of the most significant Aero's ever made.

Finished in stunning **Mauritius Blue with Titan Silver wings**, it features all the coveted GTN enhancements including **side-exit exhausts, carbon fibre hard top, carbon dashboard and centre console, OZ magnesium centre-lock wheels**, and a **black Moto-Lita steering wheel**. Uniquely, this example is also equipped with a **rare soft top that fits beneath the hard top and can remain in place when the hard top is fitted**, adding an extra level of usability not found on any other GTN. The **silver/grey leather interior** is exclusive to this car, with all other GTNs finished in black.

Power comes from the more muscular **4.6-litre BMW V8**, offering a noticeable performance advantage over the earlier 4.4-litre Aero models of this era, with a soundtrack to match.

With just **16,900 miles**, this exceptional GTN will be supplied with a **fresh service and MOT prior to sale**, ensuring it is fully ready for its next custodian.

£64,995 — an outstanding opportunity to own a truly unique, historically significant and increasingly collectible Morgan at remarkable value.
