

2007 Morgan Plus 4 Duratec

£29500

2007 Morgan Plus 4 2.0 Duratec

A beautifully specified and well-presented Morgan +4 Duratec finished in classic Le Mans Green with stone leather interior and contrasting green piping — a timeless and very traditional colour combination that suits the car perfectly.

This example has clearly been cherished throughout its life and benefits from a host of desirable upgrades and factory-style additions commissioned by previous owners, making it a particularly well-sorted and highly usable car.

Powered by the superb Ford 2.0 Duratec engine, widely regarded as one of the best and most reliable engines fitted to the traditional Morgan range, the car offers an excellent blend of performance, refinement and economy. Punchy when you want to press on, yet relaxed and effortless for touring and cruising alike.

The car drives exactly as it should — tight, fresh and responsive — with just 25,000 miles from new. Accompanied by a good history file including 7 service stamps and the all-important Morgan factory Heritage Certificate.
