

## 2017 Morgan +4 2.0L GDI

**£45,000**

### 2017 Morgan +4 2.0L GDI

Lovely, low-mileage example with just 16,000 miles from new, backed up by extensive service history and paperwork, plus a fresh MOT completed in March.

Finished in gleaming Sports Ivory with a contrasting Mulberry Red leather interior, complemented by maroon mohair wet-weather equipment and matching details including the arm rest, side-screen inserts and Hills Alive luggage.

A beautifully presented Morgan +4 GDI, powered by the ever-reliable yet punchy 2.0 Ford direct-injection engine. It also benefits from the sought-after Clubsport upgrade, bringing extra power and a noticeably sharper throttle response.

Originally specified as a Morgan main-dealer demonstrator, it was ordered with all the right options from new, creating an exceptionally well-equipped car. The current owner has since continued to add further desirable upgrades.

The specification is extensive—by my rough tally, well over £70,000 worth when new.

- SSL front suspension upgrade
- SSL 5 link rear conversion
- Performance brake pads
- Power steering
- Clubsport ECU remap
- Librands sports exhaust
- Si fab aluminium radiator
- Polished stainless steel header tank
